## Stay covered when your group benefits end

Group health benefits aren't necessarily forever. When your employment status changes — due to career change, job loss, disability or retirement — enjoy peace of mind knowing you won't be without health coverage with a Bridge Plan.

## Enjoy the benefits of continuous coverage

With a Bridge Plan, you can:

- **Easily re-activate your personal health plan** between contracts or following a job loss — with no wait period or medical review.
- **Lock in today's great coverage** at favourable rates based on your present health status.
- **Ensure financial protection following accidental injuries or death** with \$25,000 in Accidental Death & Dismemberment coverage.
- **Continue the benefits of being a Pacific Blue Cross member** — like saving 10% on Travel Insurance.

## Start your new job with peace of mind

The Bridge Plan offers value through favourable rates and continuous coverage for personal health plan holders such as:

- Post-secondary graduates beginning a job that offers group benefits.
- Contractors who switch between freelance work and jobs that offer group benefits.
- Retirees who take on temporary employment that offers group benefits.

## Here's how it works

1. **Lock in today's coverage** by applying for a Bridge Plan within 60 days of your personal health plan ending.
2. **Enjoy member perks and peace of mind** knowing your personal health coverage is locked-in at favourable rates.
3. **Resume today's coverage** as if you never left. Complete the Bridge Activation form online within 60 days of your group benefits ending.
